A Spiritual Anchor for Generations

This is more than an acquisition of real estate; it is the establishment of Sadaqah Jariyah (continuous charity). We are securing a permanent home for Sujood, communal learning, and spiritual growth that will serve our children and our children's children.

Built in 1929. Reborn in 2026.

Heritage to Legacy

For nearly a century, these lots have stood as historic residences. Today, we transform them into a timeless legacy for the Muslim community.

The raw material of the past is becoming the foundation of our future.

Positioned at the Heart of the Lower Mainland

The First New Westminster Masjid will not be hidden away; it is proudly positioned as a visible beacon of faith accessible to the entire Lower Mainland.
